

Service column stands in painted steel for the installation of equipment such as hose reels and other, provided for the installation in a workshop.

These systems are very convenient because they permit to optimize the use of the available space for the installation of any dispensing, suction and control equipment or power supply devices.

These units can be designed, manufactured and painted according to our customers' requirements.

Double column service stand, standard version, with full width drip tray with gun holders. Includes two columns with a base each for fixation to the floor, a mounting plate prepared with various holes for hose reels installation on top and a full width drip tray with gun holder, suitable for the quantity of hose reels installed.
