

*) The reels in painted steel are equipped with mineral oil compatible swivel joint gaskets. The hose reels in stainless steel come with water-compatible Viton® swivel joint gaskets. See pages 263-265 for the complete range of swivel joints with gaskets compatible with other liquids.

**) When ordering, specify whether or not the application implies the use of low pressure hoses (see page 266 regarding the splitting of the roller).

500 SERIES - A7 Ø Disc 540 mm - Spool 130 mm - Drum 335 mm

	Art.no. WITH HOSE GUIDE	Max. pressure joint	Connection threads IN - OUT	Spring	Max diameter hose	Max length hose (m)	Pivoting wall bracket	Swivel joint*
PAINTED STEEL	AF5313200	600 bar **	1/2"(M)-1/2"(F)	20m	1/4"- 3/8"-1/2"	20		9951
